

**La Tromba®**

SWISS  MADE

**T1 VALVE OIL WITH SILICONE**

The ultimate all-round oil. Suitable for both Piston and Rotary valve instruments. Prevents corrosion and gumming.

5000115 63 ml  
5000190 1 Litre  
5000191 5 Litre

**T2 VALVE OIL SPECIAL**

Is a fine light blueish oil, with extremely good lubrication qualities. Suitable for the valves of all brass instruments.

5000116 63 ml  
5000192 1 Litre  
5000193 5 Litre

**T3 VALVE OIL ULTRA THIN**

Is the finest of the La Tromba® Oils for Brass instruments and is especially suitable for use with Monel and or Steel Piston valves.

5000198 63 ml  
5000199 1 Litre  
5000200 5 Litre

**T1+ VALVE OIL EXTRA HEAVY WITH SILICONE**

Especially for older Perinet and rotary valves with larger valve clearance. Prevents corrosion, absolutely resin-free.

5000195 63 ml  
500019 1 Litre  
5000197 5 Litre

**FAST OIL**

La Tromba® FAST OIL. High Performance valve oil for piston and rotary valves.

5000202 63 ml  
5000203 1 Litre  
5000204 5 Litre

All T-oils are labelled according to the requirements of Article 17 of the CLP Regulation (Regulation (EG) No 1272/2008), have a UFI number and are registered with ECHA.

**KEY OIL NO. 1**

High-performance axle oil for perfect running properties of mechanics. Oil-grease mixture for axles.

5000211 10 ml

**KEY OIL NO. 2**

High-performance axle oil for perfect running properties of woodwind instruments. Viscous oil-grease mixture for axles and rollers.

5000212 10 ml

**KEY OIL NO. 3**

High-performance axle oil for perfect running properties of woodwind instruments. Very viscous oil-grease mixture for worn out axles.

5000213 10 ml

**KEY OIL BRASS NO. 1**

High-performance axle oil for perfect running characteristics of brass instruments. Oil / grease mixture for axles and Minibal joints.

5000214 10 ml

**KEY OIL BRASS NO. 2**

High-performance axle oil for perfect running properties of woodwind instruments. Viscous oil-grease mixture for axles and rollers.

5000215 10 ml

**KEY OIL BRASS NO. 3**

High-performance axle oil for perfect running properties of brass instruments. Very viscous oil-grease mixture for worn axles and joints.

5000216 10 ml

### OIL FOR WOODWIND INSTRUMENTS

Prevents the extraction of natural oils from the wood, at the same time, it reduces the risk of cracks. When applied to the tenons it minimises swelling caused through moisture.

**5000117** 63 ml **5000194** 5 Litre  
**5000118** 1 Litre

### KEY OIL

Slightly viscous key oil with silicone. Suitable for all woodwind instruments. Long life, even distribution and excellent lubricating properties.

**5000208** 22 ml  
**5000209** 1 Litre  
**5000210** 5 Litre

### BRASS POLISH

For cleaning all unlaquered brass and red brass instruments. Even badly oxidized areas can be cleaned with the brass polish.

**5000237** 125 ml  
**5000239** 1 Litre  
**5000240** 5 Litre

### SILVER POLISH

La Tromba® silver polish cleans and smooths the silvered surface without causing corrosion and gives a high gloss.

**5000241** 125 ml  
**5000242** 1 Litre  
**5000243** 5 Litre

### P3 TROMBONE SLIDE OIL

The excellent lubricating qualities combined with its durability make this oil especially suited to the high demands of trombone slides.

**5000232** 63 ml  
**5000233** 1 Litre  
**5000234** 5 Litre

### TROMBONE WATERSPRAY

Apart from the specially treated water, the waterspray contains highly effective additives, that prevent oxidation on the inner slide and on the inside of the outer slide.

**5000235** 80 ml  
**5000236** 1 Litre

### F1 CORK & SLIDE GREASE

La Tromba® Cork & Slide Grease is a high tech product among lubricants. It is very temperature-stable, ageing resistant and prevents jamming of the slides and corks.

**5000137** 3 g **5000206** 100 g  
**5000134** 15 g **5000207** 1 kg

### F2 CORK & SLIDE GREASE (WHITE)

High-performance axle oil for perfect running characteristics of brass instruments. Oil / grease mixture for axles and Minibal joints.

**5000205** 3 g

### LACQUER POLISH

Very high quality cleaning and lack care agent. Brilliant gloss through thorough cleaning and perfect sealed surface.

**5000133** 80 ml  
**5000139** 1 Litre  
**5000142** 5 Litre

### MPC CLEAN

Cleaning spray for all Brass- and Woodwind-mouthpieces. Also suitable for rubber mouthpieces

**5000246** 80 ml  
**5000247** 1 Litre  
**5000248** 5 Litre

### ANTI-CONDENSE

La Tromba® – Anti condense removes the accruing film in the head of the recorder

**5000138** 22 ml

### LIP TONIC

La Tromba® Lip Tonic stimulates the blood circulation of the lip muscles. Prevents fatigue.

**5000122** 5 g

### F3 CORK GREASE STICK

Synthetic grease that is not subject to any ageing process. Seals the open pores of the cork and thus protects against humidity, condensation and temperature changes.

**5000123** 5 g

### F4 SLIDING STICK FOR FLUTES

Retractable grease stick for use on the tenons of head and foot joints. Prevents canting and jamming. Protects the material and at the same time, gives the joints a secure hold.

**5000356** 5 g

### AIR FRESH

Biologically based spray for the sustainable deodorization inside instrument cases and textiles.

**5000249** 80 ml

### IN CLEAN

Cleaning concentrate for the interior of you brasswind instrument.

**5000244** 250 ml  
**5000245** 1 Litre

### OILS AND GREASES

Our oils and greases for valves, keys and slides of wind instruments guarantee that your instrument is always in perfect playing condition.
